

# TANEY COUNTY REPUBLICAN

BY W. H. PRICE.

## Forsyth

FORSYTH, the county seat of Taney county, is centrally and centrally located at the junction of the sparkling waters of the Swan with the swift and crystal current of beautiful White river. The site is ideal, and the little, well built and well painted city, fastened at the meeting of the waters like a gem at the throat of beauty, while the wooded ridge flank in every direction the central figure, all form a picture which lingers long in the memory of its visitor—and he usually comes back to refresh the picture.

The Presbyterian church has decided to locate here its college for southwestern Missouri and northwestern Arkansas, making of Forsyth a prominent college town. The fact that the committee representing the church has acquired an additional 120 acres of land affords some clue to the magnitude of the plans of the church. It is proposed to spend \$250,000 on this school plant. School will open January 1, 1907.

We have a good graded school, a neat stone chapel open to all churches, a well supported union Sunday school, daily mail from all directions—in short, more advantages than many a more populous and wealthy community.

Well equipped mail and hack lines, with headquarters here, give daily connection with the Frisco, at Chadwick and the White River line of the Missouri Pacific, at Branson.

Most lines of business are represented, including general merchandise, drugs, millinery, jewelry, lumber, meat market, undertaking, printing, painting, tailoring, blacksmithing, carpentry, electrician. We have an able and sufficiently numerous corps of lawyers, a good physician, and real estate men enough.

We need a resident dentist, a furniture store, a hardware store, a wood-working factory to utilize our native woods, and various other enterprises can find or make good openings.

WANTED: School, having new, attractive proposition, wishes energetic man or woman to visit towns in Missouri. Good salary and expenses paid weekly. Some knowledge of music preferred, but not essential.

J. H. MOORE, Plymouth Place, Chicago, Ill.

Wanted—10 men in each state to travel, post signs, advertise and leave samples of our goods. Salary \$75 per month, \$3 per day for expenses. Royal Supply Co., Dept. W., Chicago, Ill. 3-29-6

## Chin Music.

September 6.

Punkins pies are ripe.

Saturday was a busy day in town.

Things are getting brisk in this corner of Eden.

County court convened in adjourned session Monday.

Benjamin Madison of Dit made final proof on his homestead Tuesday.

Uncle Bill Hammond and wife moved to Proteon last week, where they will reside.

A very large attendance is reported at the Edwards cemetery meeting last Sunday.

Rev. A. Y. Beattie preached Friday evening at Lone Pilgrim and Sunday at Sparta.

Artie and Ira Parrish returned Saturday evening from their trip to Oklahoma.

C. C. Blansit, Walnut Shade's rustling dit merchant, visited the county capital Tuesday.

All summer dress goods at cost, at B. B. Price's, northeast corner square. It will be money to you to investigate.

John T. Dickenson, Judge of probate, will be in his office at Forsyth every Saturday to attend to any business in vacation.

The B. B. Price residence property in the east part of town shines in new paint, adding much to the appearance of the street.

H. V. Jobe of Swan transacted business in the capital of Taney last Thursday. He is closing out his effects to go to Oklahoma.

Mrs. Lingenfelter of Hilda, wife of G. P., has been seriously ill for several days, but was reported considerably better Tuesday.

Dr. Huston and family returned Friday evening from Springfield, where they had spent most of the week. They report great crowds and a good time.

Rev. and Mrs. L. E. McNair and "the baby," of St. Joseph, arrived Tuesday evening, floating down the river from Branson. They will be here for some time.

I am closing out my clothing at cost, with the purpose of dropping it from my line. Come in and get the bargains offered in this line and save money. B. B. Price.

The Groom & McConkey office building has been treated to new paint. This is another instance of one way in which Forsyth is getting ready to shine as the school town of the Ozark uplift.

George R. McFarland is breathing Taney county air again, after an absence of a few months, and finds it so salubrious that it will probably be some time before he seeks anything better.

Dr. Storey has rented the J. A. Tolerton residence and is in Springfield to purchase furnishings therefor, and he and his family will soon be citizens of Forsyth in good and regular standing.

Sam Gillmore, living on the John Grimes place two miles west of Kiscoe Mills, advertises a sale for the 11th instant. He is closing out to go to Springfield where he has a job with the Springfield furniture factory.

Professor and Mrs. A. J. Hicks and family, late of Lead Hill, Arkansas, have moved to their farm about a mile and a half east of town, and are again residents of Taney in good and regular standing and a welcome addition to local society.

Lawrence Ray of Kiscoe Mills advertises a public sale for Saturday, September 15. He will try to better himself in Washington, but of course he will fall into line with the procession headed this way before he gets many gray hairs in his head.

Isaiah Stewart, ex-assessor of Taney county and a Republican from way-back, was in town Friday and doing some bragging on his big corn and big melons. He seems to think the food and feed problem in Taney settled on the right side for this season.

D. F. Stewart of Kiscoe Mills was in town and a visitor to this item shop Monday. He reports a very interesting and successful meeting in progress at Lone Pilgrim, with Rev. U. G. Johnson in charge. As a result of the services there were five persons baptized Saturday, and there are others to be baptized later.

Mr. and Mrs. F. M. Lee departed Saturday morning for Roswell, Colorado. They expect to make their future home in that state, though they have not yet determined upon their permanent location. They have made many warm friends here who greatly regret to see them go and follow them with all manner of good wishes.

Friday evening Mr. and Mrs. Tolerton, accompanied by Chloe and Ray and the twins and Mrs. H. R. Melton and son Curran, alighted from the boat, "Chloe" at the Forsyth wharf. Mr. Tolerton returned to Branson the next morning, accompanied by Messrs. A. J. Brazel, J. G. Root and A. L. Parrish, while the remainder of the party remained here for a visit with relatives and friends.

Dr. R. T. Storey, of——, Idaho, is here with his family and will become a resident of Forsyth. Dr. Storey has purchased 800 acres of land in the vicinity of Walnut Shade which he will convert into a sheep ranch. He is a man of wide experience, and we believe he has made no mistake in his investment or his plans. The Republican is glad to chronicle his coming.

Rev. L. E. McNair, pastor of the second Presbyterian church at St. Joseph, began a series of meetings in the union chapel Tuesday evening, fair audiences assembling Tuesday and yesterday evenings to listen to excellent discourses. It is hoped that by tonight and until the close of the meetings the house will be filled to the limit of its capacity.

Aug. Heusel was over from Kiscoe Mills Saturday, and over-working his mouth as usual. He decided that peaches, grapes, melons and all such trifles were failures as flesh and fat producers, and prescribed a diet of pears, of which he left a liberal supply of fine specimens, and the editor promised to take the treatment faithfully.

W. H. Blunk of Bradleyville came to mill here yesterday, bringing along an infant cabbage head weighing 16½ pounds. He contributed the latter toward the effort being made by some public spirited citizens to fatten the "Old Man" of the Republican.

In this office is a bunch of grass brought to town a few days ago which got up to where the atmosphere was fresh and clean. It is native bluestem and measures a little over nine feet in length. B. B. Stone brought it in.

Try "Prices Special Select Coffee." This coffee is selected and packed for B. B. Price, who has the exclusive sale in this territory. It is a fine one, at only 20 cents.

A Miss Blair of Bradleyville was a Monday evening arrival, by the Chadwick mail hack, at the J. W. Hughes home, of which she will be an inmate.

Mrs. D. F. McConkey and daughter Frances returned yesterday afternoon from a visit of several days with friends at Hollister and Branson.

Arter Kiscoe of Kiscoe Mills undertakes to keep Bedford Davis of Gaus, I. T., informed of local matters through the county paper.

Announcement of the date of the laying of the corner stone of the School of the Ozarks will soon be made. Watch for it.

Messrs. C. A. Norris and Gilbert Hickey of Miney looked around the county capital yesterday.

Uncle Jimmy Blankenship of Dit, an estimable Taney county pioneer, was in town yesterday.

Dr. and Mrs. G. W. Gloyd of Kirbyville were Friday visitors in this neck of Eden.

Mr. and Mrs. J. E. Everley of Kiscoe-ton were here Monday with a load of fruit.

Benjamin Edminster, of Branson, helped keep the streets warm Saturday.

Licensed to Wed

The following marriage licenses were issued by the circuit clerk for the week ending Sept. 5, 1906:

C. A. Norris and Annie Yarnell, both of Miney.

Thomas B. Blankenship, of Dit, and Hattie Owen, of Proteon.

Levi Cunningham and Lula Drake, both of Proteon.

Swan Township Sunday School Convention.

The first quarterly convention of the Swan Township Sunday School association will be held at the Brown school house, three miles south of Kiscoe Mills, Sunday, September 16, 1906. All Sunday schools are requested to be represented.

The State of Missouri at the relation and to the use of A. J. Brazel, collector of the revenue in and for the county of Taney in the state of Missouri, plaintiff,

T. J. Gibson, defendant.

At this day comes the plaintiff herein, by his attorney, J. C. Le McKnight, and files his petition and affidavit alleging, among other things, that defendant, T. J. Gibson, is not a resident of the state of Missouri.

Whereupon, it is ordered by the clerk in vacation that said defendant be notified by publication that plaintiff has commenced a suit against him in this court, the object and general nature of which is to enforce the lien of the state of Missouri for the taxes upon his lands situated in Taney county, Missouri, to-wit:

## The Ragged Edge.

Type justification such as this is technically designated as "Ragged Edge." Practically there is no justification for "ragged edge" type justification. However, there is sometimes justification for being on the ragged edge of patience. A frank confession is said to be good for the soul; and we frankly confess that our patience is worn to a frazzle on the

DELINQUENT SUBSCRIBER problem. There may be a satisfactory way of paying for

Paper, Ink, Presses, Type, Typesetting, Presswork, Rents, and other items to make one dizzy, with what three or four hundred people owe on subscription, but—We've never found it out. And we do not think it fair to require us to do so all of a sudden.

Do you? So far we are from a satisfactory solution of the problem that, after careful consideration, reinforced by a "heap" of experience, we have concluded that A Good Local Paper cannot be published for

ONE DOLLAR A YEAR, unless— one gets the DOLLAR—in advance. Further, we have concluded that Five Hundred subscribers each paying a dollar in advance are a better asset than a thousand subscribers, some paying in advance, some paying during the year, some paying the following year, and some never paying at all.

We have decided to adopt the CASH IN ADVANCE plan, to be in force upon and after

OCTOBER 1, 1906.

Provided, that, otherwise, if you so desire, and are not down in our books with the "Never Pay" class, you can get the paper "on tick" for \$1.25 A YEAR, payable during or at the end of the year.

Our apology for taking so much space with this matter is that the nearly a thousand dollars due is on subscription has occupied considerable space in our thoughts for some time, which should have gone toward maintaining the standard of and improving the paper—your paper. But—

really, no apology was needed; or—it should come from the other side of the house.

School convened Monday morning with Miss Beulah Little of Warrensburg as principal and Mrs. A. H. Parrish as assistant, and an attendance the first day of seventy-two, of which twenty-six were in the upper room and forty-six in the lower. This is only three-fifths of the enrollment, and indicates that there may be work for the truant officer.

Relief for Mrs. J. L. Beeson of Mt. Vernon, Mo.

Mrs. J. L. Beeson, for many years a sufferer from catarrhal headache, neuralgia and what she thought to be hay fever, or asthma, because she could not breathe through her nose, is entirely relieved by using Nosen's, sold by W. H. Sloan, of Mt. Vernon, Mo., and all other reliable druggists. Mrs. Beeson writes that Nosen's is the first preparation she has found to give permanent relief and that she hopes many other catarrh sufferers will use it. Nosen's is a soothing, healing, antiseptic balm—guaranteed to relieve the worst cold almost instantly—stops mouth breathing, which is injurious to the lungs. Deafness has often been entirely cured after the catarrhal condition of the head had been relieved by Nosen's. Nosen's does not contain harmful drugs of any kind. Get a tube to-day—now, and breathe fresh air again. Ask your druggist for a booklet with a coupon for Ramon's Browne calendar for 1907.

Ozark County Republican Nominations.

In the Ozark county Republican primaries the following nominations were made: Wm. Mahan for representative, E. E. Conkin for sheriff, J. C. Harlin for collector, Prentice Bushong for county clerk, S. H. Gilliland for circuit clerk, R. Q. Gilliland for recorder, C. C. Shelton for presiding judge, Thomas Wiles county judge, G. K. Garten prosecuting attorney, Mat Cochran treasurer.

Lafayette Ingram returned Saturday evening from Colorado Springs, Colorado, in much better shape than his friends expected to see him, though he thinks Colorado gave him the worst of it. He says to tell the people that he came back to Taney convinced that it was a ten times better county than he had ever before given it credit for being.

N. Merrill of Dickens brought in two ears of corn yesterday which were large enough to go alone. The larger of them was 14 inches long and contains over 1000 grains. And that's a sample of what the soil of Taney can do when it is given a chance.

Lafe Ingram of Dickens declares that at the lowest estimate he will have 10,000 bushel of apples on his forty-acre orchard—and yet there are people who are doubtful about the adaptability of our soil and climate to fruit-raising.

THE SCHOOL OF THE OZARKS

Excavation Nearing Completion—Quarrying is in Progress.

A visit to the school property Tuesday revealed good progress on the work of excavation, and all hands doing good work. Contractor George Stiffler said to the reporter that he expected to have this work completed by Saturday evening.

A visit to the quarry Wednesday showed the preliminary work advancing satisfactorily. A good working face of rock had been exposed and indications are that there will be no delay on the building from lack of material for walls.

There is some delay in making contracts for lumber, sand and lime, but they will doubtless be made in such time as to occasion no delay in the prosecution of building operations. In the meantime keep listening for the announcement of the laying of the corner stone and plan to be present on that occasion, which will be the greatest in the history of the town and county to this date.

In many respects the Toledo Blade is the most remarkable weekly newspaper published in the United States. It is the only newspaper especially edited for National circulation. Furthermore, it is the cheapest newspaper printed in the world, as will be easily explained to any person who will write us for terms. The news of the world so arranged that busy people can more easily comprehend, than by reading cumbersome columns of dailies. All current topics made plain in each issue by special editorial matter written from inception down to date. The only paper published especially for people who do or do not read daily newspapers, and yet thirst for plain facts. That this kind of a newspaper is popular, is proven by the fact that the Weekly Blade now has over 185,000 yearly subscribers, and is now circulated in all parts of the U. S. In addition to the news, the Blade publishes short and serial stories, and many departments of matter suited to every member of the family. Only one dollar a year.
